

**Alstead Conservation Commission  
Meeting Minutes for February 4, 2022**

Present: Sarah Webb, Donna Sabin, David Moody, and Joyce Campbell-Counts  
Guest: Jeff Littleton

I, Minutes from December 1, 2021 - accepted as read.

II, Prime Wetlands discussion with Jeff Littleton, Moosewood Ecological

- Sarah contacted Mary Ann Tilton at DES for information on the Prime Wetland process. Ms Tilton sent us a link to this document.
- Jeff described the selection process for ACC members to use.
- Jeff provided four maps color-coded to easily locate specific wetlands for each of four functions of the 12 used in the NH Method, such as Ecological Integrity. He also provided a map of the largest 10% of our wetlands.
- Key functions to use to select wetlands for the Prime designation are flood storage, wildlife, and habitats.
- He will winnow his data on our wetlands down into a manageable number. We'll meet next month, March, to look at this information.

III, Kroka easement – Peter Throop with Monadnock Conservancy says wait for their invoice.

Meeting adjourned at 5:00 pm.  
Next Meeting on March 2, 2022  
Submitted by Joyce Campbell-Counts
